Mr. Douglas Junda  
PDT Networks  
1050 17<sup>th</sup> Street, Suite 1700  
Denver, CO 80265

Dear Doug:

I just wanted to take a moment to compliment your firm for its excellence in providing the security services to protect our networked material and support our company.

Your GW Guardian service has greatly reduced our time lost to analysis and review of unsolicited, fraudulent, scandalous and infected e-mail. I am positive you have reduced our email review time a minimum of 18 to 26 hours a week for the 16 plus networked computers. What a great time saver. The program is so easy for us to use, even for the less technical employees.

As always, your firm continues to surpass my expectations with your forethought and application of services.

Thank you,

Virginia L. Slensker, E.A.  
Controller
